

ECOLUXE RIDES LLC

Capability Statement

All-Electric Executive Ground Transportation | Tampa, Florida

SERVICE-DISABLED VETERAN-OWNED
SMALL BUSINESS (SDVOSB)
100% ZERO-EMISSION FLEET

COMPANY OVERVIEW

EcoLuxe Rides LLC is Tampa Bay’s first all-electric, Service-Disabled Veteran-Owned chauffeur service, providing executive ground transportation to corporate, government, hospitality, and convention clients across the Tampa Bay region. Founded by a U.S. military veteran, the company operates on the standards carried on out of uniform: punctuality, discretion, and accountability. Every vehicle in the fleet is fully electric allowing client organizations to meet ground transportation needs without adding to reported Scope 3 travel emissions.

CORE COMPETENCIES

Executive & Corporate Transport

Daily business travel, client movement, C-suite and VIP transport, standing recurring reservations.

Group & Event Transportation

Conventions, corporate offsites, hospitality programs. Event-day staging and dispatch coordination.

Government & Secure Movement

SDVOSB-eligible vendor for federal, state, and local agencies. Background-checked chauffeurs.

Airport Transfers — TPA

Flat-rate transfers with flight tracking and meet-and-greet. Early-morning and late-night coverage.

Cruise Port Transfers

Port Tampa Bay terminal transfers, sailing-day timing, luggage handling, air-to-sea connections.

Managed Account Services

Dedicated account management, consolidated invoicing, expense-ready receipts, utilization reporting.

DIFFERENTIATORS

Zero-emission fleet	All-electric Cadillac Escalade IQ and Tesla zero tailpipe emissions on every trip, with per-transfer CO ₂ -avoided reporting for corporate sustainability and event impact disclosures.
Qualifying diverse spend	Ground transportation is a category most organizations already fund. Moving it to EcoLuxe converts existing budget into qualifying SDVOSB spend no service degradation, no switching cost supporting Tier 2 subcontracting reporting.
Documented on-time performance	100% on-time trips completed for 2nd and 3rd QTR fiscal year 2026, measured as chauffeur on site at or before scheduled pickup. Backed forward by our commitment: on time, or the transfer is complimentary.
Single-market depth	Tampa Bay is our only market. Chauffeurs know TPA airside geography, Port Tampa Bay terminal operations, Water Street property access, and event-day closures not a national dispatch algorithm.

CORPORATE & GOVERNMENT READINESS

Insurance

Commercial auto & general liability — \$500,000 / \$1,000,000. COI and additional-insured endorsement on request.

Chauffeurs

Background-checked, MVR-screened. NDA execution available for sensitive movement.

Reporting

Monthly utilization, spend by cost center, on-time performance, and CO₂-avoided summary.

Licensing

Hillsborough County / State of Florida. Private Vehicle Driver's License (PVDL) permitting current.

Billing

Net 30 on approved accounts. Consolidated invoicing, cost-center coding, expense-ready receipts. CC / ACH / PO.

Documentation

W-9, SAM.gov registration, SDVOSB certification, COI, and vendor onboarding packets within 3 business days.
